LORNA G. SCHOFIELD, District Judge:

WHEREAS, the initial pretrial conference in this matter was adjourned *sine die*, pending completion of settlement discussions (Dkt. No. 57). The parties informed the Court that the settlement conference was unsuccessful (Dkt. No. 83). Per the Order at Dkt. No. 80, the parties filed a proposed case management plan ("CMP"), and no significant issues were raised in the CMP (Dkt. No. 87). It is hereby

ORDERED that the initial pretrial conference is CANCELED. If the parties believe that a conference would nevertheless be useful, they should inform the Court immediately. The case management plan and scheduling order will issue in a separate order. The parties' attention is particularly directed to the provisions for periodic status letters, and the need for a pre-motion letter to avoid cancellation of the final conference and setting of a trial date. The parties should be aware that the Court does not extend the deadlines for discovery absent compelling circumstances, and that the use of any alternative dispute resolution mechanism does not stay or modify any date in the case management plan.
